60 E. SEVENTH STREET (Section 79.19, Block 7, Lot 22)**

### **INTRODUCTION**

It is the intent of the City of Dunkirk to conduct an asbestos survey for the buildings and accessory structures, if any, located at 31 N. Pangolin Street (79.12-1-6), 630-632 Grant Avenue (79.19-5-24), 215 Leopard Street (79.57-1-31), 707 Main Street (Garage to remain)(79.19-6-36), 75 W. Doughty Street (79.20-8-73), 208 Antelope Street (79.11-6-25) and 60 E. Seventh Street (79.19-7-22) in the City of Dunkirk. An asbestos survey of suspect materials must be completed prior to the demolition.

#### **I. Purpose**

The City of Dunkirk seeks proposals from qualified asbestos testing firms to submit a proposal for the identification of asbestos and other hazardous materials, if any, including necessary testing in accordance with NYS Department of Labor Code Rule 56 and to write specifications for the proper abatement of the identified material and report to the NYSDOL.

Services will consist of providing a written proposal for the cost of preparing an asbestos survey and hazardous waste identification report, including necessary sampling and testing of suspect material. Services will also include writing requirements and abatement specifications for the qualified asbestos removal contractor. All services shall be in compliance of the New York State Department of Labor, Division of Health and Safety, Industrial Code Rule 56 of Title 12 of the Official Compilation of Codes, Rules and Regulations of the State of New York (Cited as 12 NYCRR Part 56).

**Please submit your proposal before September 28, 2015 at 10:00 A.M. to:**

City Clerk  
City Hall – 342 Central Avenue  
Dunkirk, NY 14048

The City of Dunkirk reserves the right to reject proposals received or to negotiate in any manner necessary to serve the best interests of the City. The City of Dunkirk is not responsible for any costs associated with preparing the submitted proposals.

Respondents are advised that the firm selected must be prepared to provide all services necessary for the successful completion of this report, however, the City of Dunkirk may authorize only portions of the proposed work, or additional work at its discretion. The City of Dunkirk reserves the right to renegotiate the cost should the Scope of Work be altered.

## **II. Proposal Format**

Proposals shall be written and presented in the following format, utilizing the heading presented below for the organization of responses. Respondents shall address all questions asked and provide sufficient level of detail to enable evaluation of the proposal. Failure to provide all information requested may result in rejection of the proposal.

\* COMPANY -- Indicate the name, address and telephone number of the Project Manager assigned to this project and one (1) contact person who can speak for the Project Manager.

\* OVERVIEW OF THE PROPOSAL -- Present a statement of the proposal and indicate a clear understanding of the desired results.

\* PREVIOUS EXPERIENCE/QUALIFICATIONS -- Present a listing of three (3) previously completed projects similar to the project proposed. Provide the name and location of each project, and provide enough detail to enable a comparison of the projects with the proposed project. Provide proper documentation indicating the necessary certification/license of the firm.

\* DETAILED PLAN OF ACTION -- Provide an overview of how the proposal will be implemented. Include a time schedule for completion of each requested task.

\* COST -- Provide the total project cost. The proposal should be valid for six (6) months after the proposal submission date.

**III. Scope of Work.** The following scope of services is listed for an asbestos survey, hazardous waste identification report, requirements and specifications for abatement of the asbestos of the buildings identified:

1. Provide a survey for asbestos and hazardous wastes, if any, of all of the entire buildings and accessory structures.

2. Submit written report to the New York State Department of Labor in compliance with NYSDOL ICR #56.

3. Prepare written report of the findings of the survey including recommendations and specifications regarding the proper handling and abatement of the asbestos and hazardous waste materials to the City of Dunkirk.

4. Provide the cost for preparing specifications and contract documents to abate the material.

5. Provide documentation satisfying the regulations of the Department of Labor and regulations of the City of Dunkirk. All services shall comply with NYSDOL ICR #56.

6. Provide a Certificate of Insurance with the proper coverage as required by the City of Dunkirk on the attached City of Dunkirk Standard Insurance Certificate. Include proof of such other insurance, including but not limited to, Workers' Compensation Insurance, and Disability Benefits Insurance as required by law or statute. (See Attached)

7. Federal Davis-Bacon and New York State Department of Labor wage rates shall apply under this contract. Wage rates may be obtained at the following web sites <http://www.labor.state.ny.us> and <http://www.gpo.gov/davisbacon>. The Contractor shall pay the higher hourly rate of the two. Contractors are required to submit certified payroll reports for all work under this contract. Federal wage rates and payroll report may be obtained on-line at <http://www.dol.gov/esa> (Forms – WH-347).

8. Provide adequate barrier fencing and signage, if necessary, and take all necessary precautions for the protection of the work and the safety of the public. Re-secure structure.

9. Provide cost estimate for overseeing the removal of asbestos material and assuring compliance with Code Rule 56 including supporting documents.

#### **IV. Evaluation of Proposals**

Each proposal will be evaluated on the requested information only. Qualifying proposals, received by September 28, 2015 at 10:00 A.M. will be reviewed by the City of Dunkirk who will make recommendations to the City of Dunkirk Common Council for a final decision.

#### **V. Inspection of Premises**

Contact this office to schedule an inspection of the property.

## MWBE REQUIREMENTS

## **PARTICIPATION OPPORTUNITIES FOR NEW YORK STATE CERTIFIED MWBES**

ESD is required to comply with and implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 142-144 ("MWBE Regulations") for all State contracts as defined therein, with a value (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.

Approval of funding by ESD, a public benefit corporation of the State of New York, is conditioned upon and subject to the following requirements:

- a) Recipient agrees to fully comply and cooperate with ESD in the implementation of New York State Executive Law Article 15-A. These requirements include contracting opportunities for Minority & Women Owned Business Enterprises (MWBEs).
- b) For purposes of this project, ESD hereby establishes an overall MWBE participation goal requirement of 30% (based on the current availability of qualified certified MWBEs).
- c) Recipient's demonstration of "good faith efforts" pursuant to 5 NYCRR §142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, other applicable federal, state or local laws.
- d) For purposes of providing meaningful participation by MWBEs on the project and achieving the project goals established herein, Recipient should reference the New York State Directory of Certified MWBEs found at the following internet address:

<https://ny.newnycontracts.com>

Additionally, Recipient is encouraged to contact the Office of Contractor and Supplier Diversity at [OCSD@ESD.NY.GOV](mailto:OCSD@ESD.NY.GOV) to discuss additional methods of maximizing participation by MWBEs on the project.

- e) Recipient is required to submit a MWBE Utilization Plan on Form E4 not later than ten (10) days after the execution of this Incentive Proposal. Any modifications or changes to the MWBE Utilization Plan after the execution of this Incentive Proposal and during the performance of the project must be reported on a revised MWBE Utilization Plan and submitted to ESD.
- f) ESD will review the submitted MWBE Utilization Plan and advise the Recipient of ESD acceptance or issue a notice of deficiency within twenty (20) days of receipt.
- g) If a notice of deficiency is issued, Recipient agrees that it shall respond to the notice of deficiency within seven (7) business days of receipt by submitting to the OFFICE OF CONTRACTOR AND SUPPLIER DIVERSITY, EMPIRE STATE DEVELOPMENT, 633 THIRD AVENUE, 33<sup>RD</sup> FLOOR, NEW YORK, NY 10017, 212-803-3226 (ph), 212-803-3223 (fax), a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by ESD to be inadequate, ESD shall notify the Recipient and direct the Recipient to submit, within five (5) business days, a request for a partial or total waiver of MWBE

participation goals on Form E5. Failure to file the waiver form in a timely manner may result in a finding that Recipient has intentionally or willfully failed to comply with the requirements of Article 15-A of the Executive Law and the MWBE provisions outlined herein.

h) ESD may find that Recipient has willfully or intentionally failed to meet the MWBE project requirements under the following circumstances:

1. If a Recipient fails to submit a MWBE Utilization Plan;
2. If a Recipient fails to submit a written remedy to a notice of deficiency;
3. If a Recipient fails to submit a request for waiver; or
4. If ESD determines that the Recipient has failed to document good faith efforts.

i) Recipient shall attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the project. Requests for a partial or total waiver of established goal requirements made subsequent to the execution of the Incentive Proposal may be made at any time during the term of the project to ESD, but must be made no later than prior to the submission of a request for final payment on the project.

j) Recipient is required to submit a Quarterly M/WBE Contractor Compliance & Payment Report on Form E6 to the EMPIRE STATE DEVELOPMENT, 633 THIRD AVENUE, 33<sup>RD</sup> FLOOR, NEW YORK, NY 10017, 212-803-3244 (ph), 212-803-3223 (fax), by the 10<sup>th</sup> day following each end of quarter over the term of the project documenting the progress made toward achievement of the MWBE project goals.

k) Where MWBE goals have been established herein, pursuant to 5 NYCRR §142.8, Recipient must document "good faith efforts" to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the project. The Recipient acknowledges that if Recipient is found to have willfully and intentionally failed to comply with the MWBE participation goals and requirements set forth herein, such a finding may result in the recapture of grant proceeds. Such MWBE Recapture shall be calculated as an amount equaling the difference between: (1) all sums identified for payment to MWBEs had the Recipient achieved the MWBE project goals; and (2) all sums actually paid to MWBEs for work performed or materials supplied under the project.

**5 NYCRR §142.8 - Contractor's Good Faith Efforts**

- (a) The contractor must document its good faith efforts toward meeting certified minority and women-owned business enterprise utilization plans by providing, at a minimum:
- (1) Copies of its solicitations of certified minority and women-owned business enterprises and any responses thereto;
  - (2) If responses to the contractor's solicitations were received, but a certified minority or woman-owned business enterprise was not selected, the specific reasons that such enterprise was not selected;
  - (3) Copies of any advertisements for participation by certified minority and women-owned business enterprises timely published in appropriate general circulation, trade and minority or women-oriented publications, together with the listing(s) and date(s) of the publication of such advertisements;
  - (4) Copies of any solicitations of certified minority and/or women-owned business enterprises listed in the directory of certified businesses;
  - (5) The dates of attendance at any pre-bid, pre-award, or other meetings, if any, scheduled by the State agency awarding the State contract, with certified minority and women-owned business enterprises which the State agency determined were capable of performing the State contract scope of work for the purpose of fulfilling the contract participation goals;
  - (6) Information describing the specific steps undertaken to reasonably structure the contract scope of work for the purpose of subcontracting with, or obtaining supplies from, certified minority and women-owned business enterprises.
- (b) In addition to the information provided by the contractor in paragraph (a) above, the State agency may also consider the following to determine whether the contractor has demonstrated good faith efforts:
- (1) Whether the contractor submitted an alternative utilization plan consistent with the subcontract or supplier opportunities in the contract;
  - (2) The number of certified minority and women-owned business enterprises in the region listed in the directory of certified businesses that could, in the judgment of the State agency, perform work required by the State contract scope of work;
  - (3) The actions taken by the contractor to contact and assess the ability of certified minority and women-owned business enterprises located outside of the region in which the State contract scope of work is to be performed to participate on the State contract;
  - (4) Whether the contractor provided relevant plans, specifications or terms and conditions to certified minority and women-owned business enterprises sufficiently in advance to enable them to prepare an informed response to a contractor request for participation as a subcontractor or supplier;
  - (5) The terms and conditions of any subcontract or provision of suppliers offered to certified minority or women-owned business enterprises and a comparison of such terms and conditions

## Preconstruction Conference Worksheet

**1. Contractors Guide to Davis-Bacon** The attached guide fully outlines each step in meeting labor standards responsibilities. First time HUD assisted project contractors will benefit by reading and using this guide to review payrolls.

**2. Summary of Labor Statutes & Rules** An outline of the Davis-Bacon Act, Contractor Work Hours and Safety Standards Act (not applicable on all projects) and the Copeland Act (Anti-Kickback Law) including a summary regarding approved apprenticeship programs is attached.

### **3. Labor Standards Provisions**

These labor standards provisions are a part of the construction contract, and by signing the contract the Prime Contractor agrees to abide by them. Be sure to read carefully and ask for an explanation of any parts you do not understand. All contracts between the Prime Contractor and Subcontractors, or Subcontractors and Lower-tier Subcontractors, must contain these provisions together with a copy of the wage rates.

- HUD Direct Projects (Insured, 202/811)
- CDBG/HOME Projects
- Public/Indian Housing Authority Projects, Sections 47 & 48

### **4. Wage Decision**

All Subcontractors must have a copy of the wage rates as well as the Federal Labor Standards Provisions. These should be a part of all contracts between the Prime Contractor, Subcontractors and Lower-tier Subcontractors.

### **5. Additional Classifications**

Residential wage decisions usually contain only the most commonly used classifications (i.e., Carpenter, Laborer, Electrician, etc.). The criteria for establishing additional classifications and rates are outlined in the attached copy of 29 CFR, Part 5.5(a)(1)(ii). Generally, rates at least equal to the lowest craft rate on the wage decision will be approved for craft additional classifications.

Please submit a signed letter listing additional classifications and rates you will require. Upon review these will be submitted to the U.S. Department of Labor (DOL) for approval. Additional Classification rates are not official until approval is received from DOL. This process takes 30 to 45 days.

### **6. Subcontractors**

The Prime Contractor must furnish a list of all Subcontractors and update it as necessary (form attached). Also attached are guidelines for owner-operator (self-employed) Subcontractors. **All** Subcontractors and Lower-tier Subcontractors must furnish weekly payrolls.

#### **7. Sample Payrolls and Instructions for Completion**

A sample WH-347 and WH-348 and two instructional aids for filling out payrolls and the Statement of Compliance forms are attached.

#### **8. Permissible Payroll Deductions**

A memorandum outlining permissible deductions is attached. All other deductions are not acceptable unless approved by U.S. DOL. Voluntary deductions (health insurance, retirement, etc) must be documented with the workers written authorization.

#### **9. Authorization To Sign Payrolls**

**Unless the owner/corporate officer signs payrolls**, all contractors must submit a letter stating whom in the firm is authorized to sign the certified payrolls. More than one person in a firm may be authorized. A new form must be submitted when the authorization changes from one individual to another.

#### **10. WH-347 Payroll Form and No Work Performed Statement**

All original payrolls are to be submitted within seven days of the reporting period to the Prime Contractor. The Prime Contractor submits all payrolls to the agency representative.

Include full name, address, and social security number on the first payroll on which the employee appears. After that, unless there is an address change, only the name and social security number is necessary.

"Work Classification" must be one that is shown on the wage decision or additional classification form.

Show hourly wage paid, daily and total weekly number of hours worked and allowable deductions (FICA, state taxes) on every payroll. If "other" deduction box is used, be sure to describe the deduction in detail on the face of the payroll. (Refer to previous attachment for allowable deductions and INSTRUCTIONS FOR COMPLETING PAYROLL FORM, WH-347, Column 8 & 9.)

Depending on whether fringe benefits are paid into a third-party trust or in cash, check box "a" or "b" on the back of the form. If a combination of "a" and "b" is used, explain in detail in box "c." If these are not checked, we will assume they are paid in cash.

**Payrolls must be submitted weekly as employees must be paid weekly.** Payrolls are to be numbered sequentially. Where there are gaps between sequentially numbered payrolls, contractors should either state on the first payroll following such a gap that to the best of his/her knowledge, no employee worked on the project during the gap or submit the attached "No Work Performed" statement for each gap. Indicate "initial" on the first payroll and "final" on the last

one

The payroll form may be copied with the repeating information (name of project, names and addresses of employees, name of firm, etc.) entered on the "master." All payrolls submitted must have an **original ink** signature. The signature may **not** be copied or stamped.

For computerized payrolls, make sure all data on the WH-347 is shown on the printout. Often, the trades and days and hours worked are entered by hand. Attach a completed WH-348 or the reverse side of the WH-347, to the computer printout.

#### 11. WH-348 Statement of Compliance

This form is identical to the reverse side of the certified payroll (WH-347). If your payrolls are done by computer attach this completed form to the printout. Be sure the printout contains all the required information and that the WH-348 has an original ink signature.

#### 12. Employee Interview Form (HUD-11)

This is the form used by the project inspector to make on-the-job interviews. Interviews are compared to payrolls to ensure they match the payroll data. Please alert employees that they may be interviewed. All interviews are confidential.

#### 13. Poster(s)

Post the attached poster(s) on the job site in a conspicuous place along with the wage rates, including any additional classification rates.

#### 14. Authority Ladder

The Prime Contractor is responsible for reviewing all payrolls before submitting them to the agency representative. Feel free to use this sample as a guide for reviewing payrolls submitted by Subcontractors and Lower-tier Subcontractors. Please try to submit as correct as possible payrolls by requesting corrections from Subcontractors before submitting to the agency representative. This process may delay submittal to the agency representative; however, late, corrected payrolls are better than timely submitted incorrect ones that will have to be returned for correction. *If it becomes apparent to the agency representative that the Prime Contractor is not reviewing payrolls, they may be returned to the Prime Contractor for review and resubmission prior to further scrutiny.*

The agency representative contract is with the Prime Contractor. Therefore, Subcontractors should address the agency representative through the Prime Contractor and Lower-tier Subcontractors should go through the respective Subcontractor with whom they have a contractual agreement. Normally, Subcontractors and Lower-tier Subcontractors should not contact the agency representative directly.

# Summary: Davis-Bacon & Related Acts

## Davis-Bacon Act

All laborers and mechanics employed by contractors or subcontractors on the project shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the U.S. Secretary of Labor, regardless of contractual relationship. Wages must be paid weekly.

[Print version](#)

[E-mail this to a friend](#)

## Contract Work Hours and Safety Standards Act

The wages for every mechanic and laborer employed on the job shall be computed on the basis of a standard workweek of forty hours. Employees shall be compensated at a rate of not less than one and one half times the basic hourly rate of pay for all hours worked in excess of forty hours in the work week (base rate x 1.5 + fringe benefits = overtime rate).

No person employed on the jobsite shall be required to work in surroundings or any other working conditions, which are unsanitary, hazardous or dangerous to the health and safety of an employee as determined by the Construction Safety and Health standards promulgated by the Secretary of the United State Department of Labor.

Liquidated damages for failure to pay overtime shall be computed at the rate of \$10 for each calendar day for each employee who was required or permitted to work in excess of the standard work week of forty hours without payment of the overtime wages.

## Copeland Act (Anti-Kickback Law)

Whoever by force, intimidation, or threat of procuring dismissal from employment or by any other manner whatsoever, induces any person employed in the construction, prosecution, completion or repair of any public building, public work or building or work financed in whole or in part by loans or grants from the United States, to give up any part of the compensation to which he is entitled under his contract or employment, shall be fined not more than \$5,000 or imprisoned not more than five years, or both.

## Apprentices

Department of Labor recognizes only apprentices registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Manpower Administration, Bureau of Apprenticeship and Training. In Idaho and Alaska, the U.S. D.O.L. does not recognize a State Apprenticeship Agency. The Washington State Apprenticeship Council and Oregon Bureau of Apprenticeship and Training are approved. The Department of Labor does not recognize a "helper" classification, unless it is on the wage determination, nor do they exempt from Davis-Bacon journeyman rates, apprentices reported in excess of a program journeyman/apprentice ratio.

## LABOR LAWS AND REGULATIONS AFFECTING HUD PROGRAMS

**INTRODUCTION:** The following requirements generally embrace all labor programs and laws having some significance for HUD. This includes both those specifically under the aegis of the Office of Labor Relations and those in which primary responsibility may be in some other office of HUD. HUD's duties in the labor field primarily relate to the prevailing wage provisions of Federal housing laws and the community development act.

### THE DEPARTMENT OF LABOR

The general coordination of the administration of labor standards laws, both in construction and in other areas, is vested in the Department of Labor. However, Reorganization Plan No. 14 of 1950 makes it clear that a Federal Agency, administering Federal or Federally-Assisted construction, is primarily responsible for enforcement of the pertinent labor provisions. In order to achieve uniform compliance, with specific enforcement responsibilities, the U.S. DOL has promulgated the following regulations:

**29 CFR Part 1:** deals essentially with the method of determining prevailing rates.

**29 CFR Part 3:** details the conditions under which deductions from wages are permitted or not permitted. Contractors are also required to file weekly statements showing wages paid and accounting for any deductions made.

**29 CFR Part 5:** issued pursuant to Plan No. 14 directive. Part 5 includes regulations regarding requests for wage determinations; use and effectiveness of wage determinations; labor standards clauses which must be included in construction contracts; responsibility of Federal agencies (e.g. HUD) for enforcement measures such as the examination of payrolls, investigations, and withholding of funds, if necessary; it further addresses hearings, rulings and interpretations as well as variations, tolerances and exemptions.

**29 CFR Part 7:** provides for appeals to the Department of Labor's Wage Appeals Board as to questions concerning both law and fact arising from decisions of the Solicitor of Labor regarding wage determinations, debarment, and other matters relating to labor standards provisions.

### THE WAGE DETERMINATIONS

Based on classifications of construction activity, the Department of Labor conducts mail surveys and on-site visits to determine the wages to be paid to the laborers and mechanics employed on construction of Federally funded projects.

The U.S. DOL classifies standard types of construction activity into building and non-building categories. Generally, these two classifications contain the following types of construction activity:

**BUILDING Residential**--single family dwelling units and garden type apartments up to, and including, 4 stories;

**Non-residential**--commercial buildings, hospitals, schools, industry/factories, institutional buildings, or building construction exclusive of residential construction. Buildings, Apartment/residential

buildings of 5, or more, stories in height.

**NON-BUILDING Heavy**--construction which is other than building or highway; this includes such projects as water and sewer installations, wharves, piers, canals, breakwaters, levees, dredgings, shorings, buoys, tunnels and dams.

**Highway**--paving and preparation for paving of streets, highways, roads, runways and other paving projects.

There are two basic types of wage determinations issued under the Davis-Bacon Act:

1. A **GENERAL** or **AREA** wage determination refers to a wage rate for a defined type of construction in a specific geographic area and is published in the Federal Register. There is no set expiration date for this determination, so it remains in effect until modified. A general wage determination can be used by a contracting agency without notifying the Department of Labor.

2. A **PROJECT** wage determination refers to a wage rate applicable to a specified construction project which does not have a general wage determination. It is issued only at the request of the Federal contracting agency. Such a determination is submitted on an SF-308 and processing takes from 30 to 45 days.

It is important to note that the use of union labor does not in itself mean compliance with the Davis-Bacon standards. DOL wage scales do not necessarily correspond to the "union wages," also, there are other administrative requirements which also must be considered.

**Additional Classifications:** If the DOL wage determination does not contain rates for certain classifications, laborers and mechanics to be employed under the contract shall be classified or reclassified by the Regional Labor Relations Officer conformably to the wage determination. If there is no appropriate classification in the schedule, the RLRO shall determine if the classification requested is generally used in the construction industry and the rate requested is prevailing locally. Processing the approval/disapproval of additional classifications also takes from 30 to 45 days. **N.B. the Department of Labor will not process requests for additional classifications unless, and until, the contract has been awarded.**

**Applicability**

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

**A. 1. (i) Minimum Wages.** All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible, place where it can be easily seen by the workers.

**(ii) (a)** Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

**(1)** The work to be performed by the classification requested is not performed by a classification in the wage determination; and

**(2)** The classification is utilized in the area by the construction industry; and

**(3)** The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

**(b)** If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

**(c)** In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

**(d)** The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

**(iii)** Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

**(iv)** If the contractor does not make payments to a trustee or other third person, the contractor may consider as part

of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program. Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

**2. Withholding.** HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract in the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or part of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

**3. (i) Payrolls and basic records.** Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1(b)(2)(B) of the Davis-bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been

communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

**(ii) (a)** The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i) except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esai/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this subparagraph for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to HUD or its designee. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

**(b)** Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

**(1)** That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5 (a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph A.3.(ii)(b).

(d) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under subparagraph A.3.(i) available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

#### 4. Apprentices and Trainees.

(i) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who

is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by

the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) **Equal employment opportunity.** The utilization of apprentices, trainees and journeymen under 29 CFR Part 5 shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

**5. Compliance with Copeland Act requirements.** The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract

**6. Subcontracts.** The contractor or subcontractor will insert in any subcontracts the clauses contained in subparagraphs 1 through 11 in this paragraph A and such other clauses as HUD or its designee may by appropriate instructions require, and a copy of the applicable prevailing wage decision, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this paragraph.

**7. Contract termination; debarment.** A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

**8. Compliance with Davis-Bacon and Related Act Requirements.** All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract

**9. Disputes concerning labor standards.** Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

**10. (i) Certification of Eligibility.** By entering into this contract the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be

awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001. Additionally, U.S. Criminal Code, Section 1 01 0, Title 18, U.S.C., "Federal Housing Administration transactions", provides in part: "Whoever, for the purpose of . . . influencing in any way the action of such Administration..... makes, utters or publishes any statement knowing the same to be false..... shall be fined not more than \$5,000 or imprisoned not more than two years, or both."

**11. Complaints, Proceedings, or Testimony by Employees.** No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

**B. Contract Work Hours and Safety Standards Act.** The provisions of this paragraph B are applicable where the amount of the prime contract exceeds \$100,000. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.

(1) **Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

(2) **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in subparagraph (1) of this paragraph, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (1) of this paragraph, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by the clause set forth in subparagraph (1) of this paragraph.

(3) **Withholding for unpaid wages and liquidated damages.** HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contract, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same prime contractor such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (2) of this paragraph.

(4) **Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clauses set forth in subparagraph (1) through (4) of this paragraph and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in subparagraphs (1) through (4) of this paragraph.

**C. Health and Safety.** The provisions of this paragraph C are applicable where the amount of the prime contract exceeds \$100,000.

(1) No laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health and safety as determined under construction safety and health standards promulgated by the Secretary of Labor by regulation.

(2) The Contractor shall comply with all regulations issued by the Secretary of Labor pursuant to Title 29 Part 1926 and failure to comply may result in imposition of sanctions pursuant to the Contract Work Hours and Safety Standards Act, (Public Law 91-54, 83 Stat 96). 40 USC 3701 et seq.

(3) The contractor shall include the provisions of this paragraph in every subcontract so that such provisions will be binding on each subcontractor. The contractor shall take such action with respect to any subcontractor as the Secretary of Housing and Urban Development or the Secretary of Labor shall direct as a means of enforcing such provisions.

**CHECKLIST FOR CONTRACTORS  
MEETING LABOR STANDARDS CONTRACT REQUIREMENTS**

**I. INTRODUCTION**

The following checklist has been prepared to assist Contractors and Subcontractors in meeting contractual labor standards responsibilities. All major administrative and procedural activities have been covered in the sequence they will occur as the construction contract progresses. Careful attention to and use of the checklist should result in a minimum number of problems with respect to labor standards.

**II. EXPLANATORY NOTES**

The word "employer," as used below, refers to the Prime Contractor, each Subcontractor, or each Lower-tier Subcontractor. Payrolls and other documentary evidence of compliance (marked with an are required to be sent to HUD, the Block Grant Recipient, or the Housing Authority (depending on the source of funds) for review (all to be submitted through the Prime Contractor). The delivery procedure is as follows:

- A. Each Lower-tier Subcontractor, after careful review, submits required documents to the respective Subcontractor.
- B. Each Subcontractor, after checking his own and those of each Lower-tier Subcontractor he may have, submits required documents to the Prime Contractor.
- C. The Prime Contractor, after reviewing all payrolls and other documentation, including his own, and correcting violations where necessary, submits all to HUD, the Block Grant Recipient, or the Housing Authority.

**ALL EMPLOYERS SHOULD CHECK EACH OF THE FOLLOWING STATEMENTS AS BEING TRUE. IF ANY STATEMENT IS NOT TRUE, THE CONTRACTOR OR HIS/HER REPRESENTATIVE SHOULD CONTACT THE PRIME CONTRACTOR WHO WILL CONTACT HUD FOR SPECIAL GUIDANCE.**

**III. BEFORE CONSTRUCTION BEGINS EACH EMPLOYER HAS:**

- A. Not been debarred or otherwise made ineligible to participate in any Federal or Federally-assisted project
- B. Received appropriate contract provisions covering labor standards requirements
- C. Reviewed and understands all labor standards contract provisions
- D. Received the wage decision as part of the contract
- E. Requested through HUD, the Block Grant Recipient, or the Housing Authority and received the minimum wage for each classification to be worked on the project which was not included on the wage decision by the additional classification process and before allowing any such

trade(s) to work on the project

- F. Requested and received certification of his apprentice program from the State's Bureau of Apprenticeship and Training (recognized by U.S.BAT) and submitted copy thereof to the recipient prior to employment on the project. Likewise, "trainee" program certification from U.S. BAT, if applicable, must be submitted

In Idaho and Alaska, the Department of Labor does not recognize the State's apprenticeship program. Therefore, the apprentice must be registered thru the Department of Labor, Bureau of Apprenticeship and Training only.

**IV. AT CONSTRUCTION START, THE CONTRACTOR HAS:**

- A. Notified HUD, the Block Grant Recipient, or the Housing Authority of construction start date in writing
- B. Has placed each of the following on a bulletin board prominently located on the project site which can be seen easily by the workers (and replaced if lost or unreadable any time during construction):
  - 1. Wage Decision
  - 2. Notice to Employees poster (WH 1321)
  - 3. Oregon Safety and Health Protection on the Job (DOL)
- C. Before assigning each project worker to work, has obtained worker's name, best mailing address, and Social Security Number (for payroll purposes)
- D. Has obtained a copy of each apprentice's certificate with the apprentice's registration number, percentage of wage to be paid and his year of apprenticeship from the State BAT.

Idaho and Alaska - we cannot accept apprenticeship certifications thru the State's apprenticeship program.

- E. Has informed each worker of:
  - 1. his/her work classification (journeyman or job title) as it will appear on the payroll
  - 2. his/her duties of work
  - 3. the U.S. DOL's requirement on this project that he/she is either a journeyman, apprentice, or laborer. If journeyman, he/she is to be paid journeyman's minimum wage rate or more.

If apprentice, he/she is to be paid not less than the apprentice's rate for the trade based on his year of apprenticeship, OR. If laborer, he/she is to do laborer's work only – not use any tool or tools of the trade and not perform any part of the journeyman's work and is to be paid the laborer's minimum rate or more

- F. Understands the requirements that each laborer or mechanic who performs work on the

project in more than one classification within the same work week shall be classified and paid at the highest wage rate applicable to any of the work which he performs unless the following requirements are met:

- o 1. Accurate daily time records shall be maintained. These records must show the time worked in each classification and the rate of pay for each classification, and must be signed by the worker
- o 2. The payroll shall show the hours worked in each classification and the wage rate paid for each classification
- o 3. The payroll shall be signed by the worker or a signed copy of the daily time record shall be attached thereto.
- G. Has informed each worker of:
  - o 1. his/her hourly wages (not less than the minimum wage rate for his work as stated in the Wage Decision)
  - o 2. payment of overtime at the rate of time and one half for all work over 40 hours any work week (see Contract Work Hours and Safety Standards Act)

**NOTE: <\$10/day liquidated damages will be assessed by DOL for everyday overtime is worked for each employee, but not paid as per CWHSSA.**

- o 3. fringe benefits, if any (see Wage Decision for any required), paid in cash or into an approved third party trust
- o 4. permissible deductions from his/her pay and/or any \*deductions voluntarily requested in writing from employee
- H. Has informed each worker that he is subject to being interviewed on the job by a HUD, Housing Authority or Grantee Official, Department of Labor, or other U.S. Government inspector, to confirm that his/her employer is complying with all labor requirements
- I. Has informed each foreman, journeyman and apprentice that the proper journeyman ratio must be observed on the job site at all times when an apprentice is working

**V. DURING CONSTRUCTION:**

- A. Each employer:
  - o 1. has not selected, assigned, paid different pay rates to, transferred, upgraded, demoted, laid off, not dismissed any project worker because of race, color, religion, sex, or national origin
  - o 2. has employed all registered apprentices referred to him through normal channels up to the applicable ratio of apprentices to journeyman in each trade used by the employer
  - o 3. will maintain basic employment records accessible to inspection by HUD, their designee, or other U.S. government representatives
  - o 4. is complying with all health and safety standards

- o 5. has paid all workers weekly
- o 6. has submitted weekly payrolls prepared on either recommended form WH-347 or on computerized printouts cleared by the HUD office and accompanied by form WH-348, Statement of Compliance.

HUD considers the following project workers exempt from labor requirements and does not require them shown on payrolls:

- o project superintendent
- o project engineer
- o supervisory foreman (performing less
- o than 20% in a classification)
- o messenger
- o clerical workers

**VI. FILLING OUT PAYROLLS:**

- A. Heading on front of payroll (form WH-347) containing 6 blocks of information:
  - o 1. Name of Employer: Name of employer is stated showing whether contractor or subcontractor
  - o 2. Address: Street address or P.O. Box, City, State, and Zip Code of employer is stated
  - o 3. Payroll Number: Each weekly payroll is numbered in sequential order starting with number 1 and marked "initial" Payroll of employer's final work week on the project is marked "final"
  - o 4. For Week Ending: The last date of work week is stated
  - o 5. Project and Location: Name of project and city in which it is located is stated
  - o 6. Project or Contract Number: Number of project is stated
- B. Body on front of payroll containing nine blocks of information:
  - o 1. Column 1: Worker's name as it appears on his/her pay check is stated

Worker's best mailing address and social security number is stated on payroll number 1 or the payroll which his/her name first appears

If worker's address changes, his/her new address is stated on the next applicable payroll

If any two or more workers have the same name, their social security numbers are included on every payroll for clarification

Checklist for Contractors

- o 2. Column 2: Number of withholding exemptions is for employer's convenience and is not required by HUD to be completed
- o 3. Column 3: A work classification or job title for the worker is included in the Wage Decision and denotes the work the worker actually performed

If the applicable classification is not included in the Wage Decision, the Prime Contractor should request a rate and classification from HUD, the Block Grant Recipient, or the Housing Authority thru the Additional Classification process

If worker is an apprentice, his State BAT or DOL registration documentation is attached to the first payroll in which the employee appears

If worker has performed more than one class of work during the work week, such as carpenter and laborer, the division of work will be shown on separate lines of the payroll

Each class of work performed is stated in separate blocks in Column 3

The breakdown of hours worked daily under each work classification is stated in Column 4 and total for week in Column 5

The applicable wage rate for each classification of work is stated in Column 6

The payroll is signed by the workman in the related blocks or a signed copy of the daily time records are attached to the payroll

If the above is not done, the worker is paid at least the highest minimum wage rate of all the classes of work performed for all hours worked

**NOTE: Average pay of two classifications is not accepted. The actual hours each worker uses tools of the trade and each hour he does not must be recorded in separate blocks in Columns 3 to 6 of the payroll.**

The work classification of "helper" is not accepted by HUD, unless included in the Wage Decision issued by the Secretary of Labor for the project. Any employee listed as "helper" in absence of such classification in the Wage Decision must be paid the journeyman's rate for hours he uses tools of the trade.

- o 4. Column 4: The top half shows day of week and corresponding date for each day  
The bottom half shows separately all (O) overtime hours and (S) straight time hours worked by each employee each day
- o 5. Column 5: Total hours worked during the work week are stated (the sum of subcolumns in Column 4) - straight and overtime hours recorded separately
- o 6. Column 6: Rate of pay is not less than the minimum wage rate for work classification (see Wage Decision) is stated

Overtime rate of pay is not less than 1 1/2 times the worker's straight hourly rate of pay plus any fringe benefits (see Wage Decision)

If a copy of the apprentice's registration certificate has not been submitted with payrolls, apprentice must be paid journeyman's rate

Piece work must be stated in Column 6 at an hourly rate (the gross pay for the project work week divided by the total number of hours worked on the project during the work week)

- 7. Column 7: Gross amount earned equals straight hours shown in Column 5 times straight rate of pay shown in Column 6, plus overtime hours (if any) shown in Column 5 times overtime rate of pay shown in Column 6
- 8. Column 8: Each deduction made is required by law, voluntarily authorized by the worker in writing before the work week began, or provided in a bargaining agreement to be deducted from the respective worker's pay
- 9. Column 9: Net wages stated in Column 7 minus total deductions shown in Column 8
- **C. Back of Payroll (form WH-347 or form WH-348)**
  - 1. Each employer has completed all blank spaces with an understanding of the penalties for falsification
  - 2. Each employer has checked either 4(a), if fringes are paid to an approved fund or union, **OR** Has checked 4(b), if fringes are paid directly to each affected worker - included in pay check for the work week - his pay check representing at least the pay of applicable minimum wage rate plus the amount of required fringe benefits
  - 3. Each employer has listed any exceptions of fringe benefit payments in 4(c)
  - 4. Each employer has signed in ink the payroll in the block marked signature and has stated his/her title
  - 5. The person signing the payroll is either listed on the Subcontract Agreement as the owner or an officer of the company, **OR** has been designated with a 5282 form, Authorization to Sign Payrolls, to sign company payrolls

#### **VIII. WEEKLY PAYROLL REVIEW**

- **A. Each employer has promptly reviewed the weekly payroll for compliance with all labor standards requirements (using this checklist) and has made any necessary corrections**
- **B. Each Lower-tier Subcontractor has submitted his weekly payrolls or accounted for work not performed (as outlined on page 5 in Section VI, Part A(3)) to the respective Subcontractor within 3 calendar days from the last date of the work week**
- **C. Each Subcontractor has submitted his weekly payrolls or accounted for work not performed**

(as outlined on page 5 in Section VI, Part A(3)) to the Prime Contractor within 5 calendar days from the last date of the work week

Has reviewed any payrolls submitted by any Lower-tier Subcontractor for compliance with labor standards requirements, has requested any necessary corrections and submitted them to the Prime Contractor within 5 calendar days from the last date of the work week

- D. The Prime Contractor has received a weekly payroll or accounting for work not performed (as outlined on page 5 in Section VI, Part A(3)) from each Subcontractor or Lower-tier Subcontractor, has reviewed and requested necessary corrections and has submitted all payrolls, including his own, to HUD, the Block Grant Recipient, or the Housing Authority within 7 work days of the last date of the respective work week

**IX. AFTER PROJECT COMPLETION**

- A. Each employer will keep all weekly payrolls on the project for 3 years after the Prime Contractor's completion date.

Subject: Additional Classification Request (Federal Wage Rate)

Dear Ms. Hughs Evans:

We are requesting an additional classification and wage rate for the (Project name) funded with CDBG/HUD funding. The applicable Davis-Bacon wage decision does not contain the work classification and wage rates needed to complete the construction work.

The work to be performed by the additional classification(s) is not performed by a classification in the applicable Federal wage decision. The proposed classification is utilized in the area by the construction industry. The proposed wage rate(s), including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage decision. The interested parties, including the employees or their authorized representatives, agree on the classification(s) and wage rate(s).

Please request from HUD Labor the following work classification(s) and corresponding hourly basic wage rates and fringe benefit rates (if any) requested:

<u>Work classification(s)</u>	<u>Basic Hourly Wage</u>	<u>Fringe Benefits (if any)</u>
(list)	(list)	(list)

Sincerely,

Name of person making request  
Contractor/Sub company name  
Address  
City, State, Zip Code  
Phone  
Fax

Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining data needed, and completing and reviewing the collection of information. The information is considered non-sensitive and does not require special protection. This information is required to obtain benefits. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

Employers engaged on HUD-assisted construction projects subject to Davis-Bacon wage requirements must pay no less than the wages determined to be prevailing by the Secretary of Labor to all laborers and mechanics engaged on the construction work. On occasion, the applicable Davis-Bacon wage decision does not contain all of the work classifications and wage rates needed to complete the construction work. This information collection facilitates the addition of needed work classifications and wage rates for the construction work involved. This form is used by HUD and local agencies administering HUD programs to report employer request(s) for additional classification and wage rates so that an appropriate wage rate can be approved by the Department of Labor for the construction work. This information collection is required by Department of Labor regulations at 29 CFR 5.5. While no assurances of confidentiality are pledged to respondents, HUD generally discloses these data only in response to a Freedom of Information request.

**Instructions****General:**

**Contractors/Employers: Do not need to complete this form. Submit a written, signed request to the responsible contracting agency naming the work classifications and the wage rates, including any fringe benefits, that are proposed.**

**Local Agency Staff:** Complete items 2 through 10. Submit one copy of this form to the responsible HUD Labor Relations Office with a copy of the applicable Davis-Bacon wage decision and the written request from the employer naming the work classifications and wage rates that are proposed. (The employer's request must be made in writing and must be signed.)

1. For HUD or State CDBG Office use. Enter the name and address of HUD Office (or State CDBG office) submitting the report and to which the DOL reply should be sent.
2. Enter the name and number of the project or contract involved.
3. Enter the location of the project involved: city, county and state.
4. Describe the construction involved, e.g., new construction or rehabilitation, number and type of buildings, number of stories, number of units (as applicable). For example, New construction: 3 - 4-story buildings; 120 units.
5. Enter the character of construction as defined by DOL for Davis-Bacon prevailing wage rate purposes.
6. Enter the number of the Davis-Bacon wage decision applicable to the construction work. Include the number of wage decision modifications (if any) applicable to the work.
7. Enter the effective date of the wage decision for the project. (See DOL regulations at 29 CFR 1.6.)
8. Enter the work classifications and corresponding hourly basic wage rates and fringe benefit rates (if any) requested.
9. Self-explanatory.
10. If the requesting employer is not the prime contractor, enter the name and address of the subcontractor/employer making the request.

**Remainder of Form:** HUD Labor Relations/State CDBG use.

HUD Labor Relations/State CDBG Staff: Evaluate the employer's request against the criteria for approval (see DOL Regulations, 29 CFR Part 5, and related contract labor standards provisions). The criteria are reflected in "checklist" form to ensure that each factor is considered and to ensure that supporting documentation, including a copy of the applicable wage decision, is attached. Check the box next to each criterion that is met; do not check the box next to any criterion that is not met.

If the request meets all criteria, check the appropriate box, enter the name and telephone number of the HUD/State CDBG agency representative, and sign and date the form. Submit one copy of the completed form to the DOL with a copy of the applicable Davis-Bacon wage decision and the written request from the employer involved.

If the request fails to pass all criteria, check the appropriate box, enter agency contact information, and sign and date the form. Submit one copy of the completed form to the DOL with a copy of the applicable Davis-Bacon wage decision, the written request from the employer involved, and a cover letter explaining how the employer's request failed to meet one or more of the criteria.

**Submission of Report**

Completed forms shall be sent to: Branch of Construction Wage Determinations, U.S. Department of Labor, 200 Constitution Avenue, NW, Room S-3014, Washington, DC 20210.

# Labor Standards Compliance Requirements

Date: December 2, 1996

(Rev 1) Letter No. LR-96-01

---

Subject: Labor standards compliance requirements for self-employe laborers and mechanics (aka *Working Subcontractors*)

- I. HUD policy on prevailing wage applicability.
- II. Compliance and certification parameters.
- III. Owners of businesses working with their crews.
- IV. Owner-Operators of power equipment.
- V. Truck drivers.

The Federal prevailing wage requirements and compliance standards for self-employed laborers and mechanics (also referred to as "working subcontractors") have long been a confusing and contentious area for the Department of Labor (DOL), HUD, the Internal Revenue Service and contractors and subcontractors.

The following policy represents an effort to provide practical guidance for field application. The guidance more specifically concerns the wage certification requirements for self-employed mechanics and laborers on projects subject to Federal labor standards provisions including Davis-Bacon and HUD-determined maintenance and nonroutine maintenance prevailing wage rate determinations. This policy does not attempt to establish whether working subcontractors are subject to Federal labor standards nor whether such working subcontractors are *bona fide*. The clear meaning of statutory provisions and regulatory definitions does not require further examination of applicability. Additionally, statutory and regulatory language are clear that the question of whether certain self-employed laborers and mechanics are *bona fide* subcontractors is not germane to the issue of prevailing wage standard applicability.

Page 2 Letter No. LR-96-01

**I. HUD policy on prevailing wage applicability.**

The Davis-Bacon Act (DBA), HUD program Related Acts (DBRA) concerning the payment of prevailing wages as determined by the Secretary of Labor, and the U.S. Housing Act of 1937 concerning the payment of prevailing wage rates established by HUD provide that the wage protections afforded in these statutes apply to laborers and mechanics employed on the covered work. The DBA and DBRA implementing regulations (29 CFR Part 5) specifically stipulate that these protections are provided **regardless of any contractual relationship which may be alleged to exist** between the contractor and such laborers and mechanics. Additionally, all laborers and mechanics must be paid unconditionally and not less often than once per week. HUD has followed DBA/DBRA prevailing wage parameters in its implementation, administration and enforcement of HUD-determined maintenance and nonroutine maintenance prevailing wage standards. (NOTE: The requirement to pay weekly wages is not applicable to the payment of prevailing routine maintenance wage rates related to laborers and mechanics engaged in the operation of PHA and IHA housing developments.)

Therefore, it is HUD policy that in all cases where laborers and mechanics are employed on Federal prevailing wage-covered construction, maintenance and nonroutine maintenance work, laborers and mechanics shall be entitled to compensation (in the case of Davis-Bacon wages, weekly compensation) at wage rates not less than the prevailing rate for the type of work they perform **regardless of any contractual relationship alleged to exist between a contractor or subcontractor and such laborers or mechanics.**

The above policy statement is not a departure from previous HUD directives. The guidance presented below establishes uniform HUD-assisted program contract administration and enforcement parameters for labor standards compliance and prevailing wage certification.

**II. Compliance and certification parameters.**

HUD policy clearly affords prevailing wage protection for all laborers and mechanics, regardless of contractual relationship. There is no exception to this protection for self-employed laborers or mechanics, including owners of businesses, sole-proprietors, partners, corporate officers, or others. This policy in no way precludes or limits any business or individual from participating in HUD-assisted construction, maintenance, or nonroutine maintenance work. The

Page 3 Letter No. LR-96-01

issue is not one of *eligibility*, whether such persons are permitted to work on HUD-assisted projects, but of compliance standards - what HUD will accept from contractors and subcontractors to demonstrate that proper compliance has been achieved.

In this context, this Letter establishes a HUD administrative policy that laborers and mechanics may not certify to the payment of their **own** prevailing wages **EXCEPT** where the laborer or mechanic is the owner of a business working on the site of the work with his/her own crew. (This exception is described in detail in Paragraph III. Owner-operators of power equipment are discussed in Paragraph IV; Truck drivers are discussed in Paragraph V.)

The most frequent occurrence of self-employed workers on HUD-assisted projects involves mechanic/trade classifications (i.e., not laborer classifications). (For ease of reference, laborers and mechanics in this context are referred to as "mechanics" and include any case involving laborers.) These mechanics may be represented as sole-proprietors, self-employed mechanics, partners, or

corporate officers - all with no direct employees engaged in the covered work.

Accordingly, HUD, and program participants responsible for labor standards administration and enforcement (e.g., PHAs, IHAs, CDBG recipients), may not accept certified payrolls reporting single or multiple owners (e.g., partners) certifying that they have paid to themselves the prevailing wage for their craft. For example, a sole-proprietor may not submit a payroll reporting himself or herself as simply "Owner" signing the certification as to his/her own wage payment from "draws" or other payment methods. Neither may several mechanics submit a payroll reporting themselves as "partners" with one or more certifying as to the payment of their wages or salaries. Such mechanics must instead be carried on the certified payroll of the contractor or subcontractor (the "responsible employer") for whom they are working and with whom they have executed a "contract" for services.

In these cases, maintenance of an accurate accounting of weekly work hours including any overtime hours for such mechanics is essential. Whatever method of compensation computation is utilized (piecework, weekly contract draw for performance), the amount of weekly compensation divided by the actual hours of work performed for that week must result in an "effective" hourly wage rate for that week that is not less than the prevailing hourly rate for the type of work involved. This computation must take into account overtime pay rates (i.e., one and one half) for all hours worked in excess of 40 hours per

**Page 4 Letter No. LR-96-01**

week, pursuant to the Contract Work Hours and Safety Standards Act (CWHSSA), where applicable, and pursuant to the Fair Labor Standards Act where CWHSSA is not applicable.

The name, work classification, actual hours of work, effective hourly wage rate, and wage payment for each such mechanic must be reported and certified on the responsible employer's weekly payroll. Note that the effective hourly wage rate for such mechanics may fluctuate from week to week. However, the effective hourly wage rate **may not** be less than the minimum prevailing rate for the respective craft. In any case where the effective rate falls below the corresponding craft prevailing wage rate, the responsible employer must compensate the mechanic at no less than the prevailing rate on the wage determination for that craft.

**III. Owners of businesses working with their crew.**

Owners of businesses working with their crew on the same HUD-assisted job site may certify to the payment of their own prevailing wages in conjunction with the prevailing wages paid to their employees. This exception to reporting standards *does not* suggest that such owners are not likewise entitled to prevailing wages for their labor. Rather, it accepts the wage payment certification on weekly payroll reports by the owner for his/her own wages as that certification *accompanies* the certification offered for the payment of prevailing wages to his/her employees. Such owners need only list their name, work classification including "owner," and the daily and total hours worked. (Such owners *do not* need to list a rate of pay or amounts earned.)

**IV. Owner-operators of power equipment.**

Frequently, *owner-operators of power equipment* (e.g., backhoes, front-end loaders) will contract for services at a rate for both "man and machine." In these cases, the owner-operator includes liability, equipment maintenance, and salary in an hourly or contract rate for services. Because of the prevalence of such practice and the inherent difficulty in ascribing costs for liability and maintenance costs versus hourly *labor* salary, HUD and its program clients may accept a combined ("man and machine") hourly rate on the responsible contractor's certified payroll provided that

such hourly rate may not be less than the rate on the wage determination for the respective power equipment operator.

**Page 5 Letter No. LR-96-01**

---

**Note:** Owner-operators of power equipment, like self-employed mechanics, may not submit their own payrolls certifying to the payment of their own wages BUT must be carried on the responsible contractor's certified payroll report.

**V. Truck drivers.**

As outlined earlier in this Letter, a DOL administrative policy excludes *bona fide owner-operators of trucks who are independent contractors* from DBRA/CWHSSA provisions concerning their own hours of work and rate(s) of pay. These truck "owner-operators" must be reported on weekly payrolls *but* the payrolls do not need to show the hours worked or rates - only the notation "Owner-operator."

**Note** that any laborers or mechanics, including truck drivers, employed by the owner-operator/independent contractor are subject to DBRA/CWHSSA provisions in the usual manner.

This policy **does not** pertain to owner-operators of other equipment such as backhoes, bulldozers, cranes and scrapers (i.e., power equipment as noted in paragraph IV, above).

These compliance standards shall take effect immediately. Any exceptions to these standards must be approved in advance in writing by HUD Headquarters Office of Labor Relations.

Any questions concerning this Letter may be directed to the Office of Labor Relations at (202)708-0370 or, in the case of HUD program participants, to the HUD Field Labor Relations Staff with jurisdiction for your area.

## Instructions For Completing Payroll Form, WH-347

**General:** The use of the WH-347 payroll form is not mandatory. This form has been made available for the convenience of contractors and subcontractors required by their Federal or Federally-aided construction-type contracts and subcontracts to submit weekly payrolls. Properly filled out, this form will satisfy the requirements of Regulations, Parts 3 and 5 (29 CFR, Subtitle A), as to payrolls submitted in connection with contracts subject to the Davis-Bacon and related Acts.

This form meets needs resulting from the amendment of Davis-Bacon Act to include fringe benefits provisions. Under this amended law, the contractor is required to pay not less than fringe benefits as predetermined by the Department of Labor, in addition to payment of not less than the predetermined rates. The contractor's obligation to pay fringe benefits may be met either by payment of the fringes to the various plans, funds or programs or by making these payments to the employees as cash in lieu of fringes.

This payroll provides for the contractor's showing on the face of the payroll all monies to the employees, whether as basic rates or as cash in lieu of fringes and provides for the contractor's representation in the statement of compliance on the rear of the payroll that he is paying to other fringes required by the contract and not paid as cash in lieu of fringes. Detailed instructions concerning the preparation of the payroll follow:

**Contractor or Subcontractor:** Fill in your firm's name and check appropriate box.

**Address:** Fill in your firm's address.

**Column 1 - Name, Address, and Social Security Number of Employee:** The employee's full name and Social Security Number must be shown on each weekly payroll submitted. The employee's address must also be shown on the payroll covering the first week in which the employee works on the project. The address need not be shown on subsequent weekly payrolls unless the address changes.

**Column 2 - Withholding Exemptions:** This column is merely inserted for the employer's convenience and is not a requirement of Regulations, Part 3 and 5.

**Column 3 - Work Classifications:** List classification descriptive of work actually performed by employees. Consult classification and minimum wage schedule set forth in contract specifications. If additional classifications are deemed necessary, see Contracting Officer or Agency representative. Employee may be shown as having worked in more than one classification provided accurate breakdown or hours so worked is maintained and shown on submitted payroll by use of separate entries.

**Column 4 - Hours worked:** On all contracts subject to the Contract Work Hours Standard Act enter as overtime hours worked in excess of 8 hours per day and 40 hours a week.

**Column 5 - Total:** Self-explanatory

**Column 6 - Rate of Pay, including Fringe Benefits:** In straight time box, list actual hourly rate paid the employee for straight time worked plus in cash in lieu of fringes paid the employee. When recording the straight time hourly rate, any cash paid in lieu of fringes may be shown separately from the basic rate, thus \$3.25/.40. This is of assistance in correctly computing overtime. See "Fringe Benefits" below. In overtime box shown overtime hourly rate paid, plus any cash in lieu of fringes paid the employee. See "Fringe Benefits" below. Payment of not less than time and one-half the basic or regular rate paid is required for overtime under the Contract Work Hours Standard Act of 1962. In addition to paying no less than the predetermined rate for the classification which the employee works, the contractor shall pay to approved plans, funds or programs or shall pay as cash in lieu of fringes amounts predetermined as fringe benefits in the wage decision made part of the contract. See "FRINGE BENEFITS" below.

**FRINGE BENEFITS - Contractors who pay all required fringe benefits:** A contractor who pays fringe benefits to approved plans, funds, or programs in amounts not less than were determined in the applicable wage decision of the Secretary of labor shall continue to show on the face of the payroll the basic cash hourly rate and overtime rate paid to his employees just as he has always done. Such a contractor shall check paragraph 4(a) of the statement on the reverse of the payroll to indicate that he is also paying to approved plans, funds or programs not less than the amount predetermined as fringe benefits for each craft. Any exceptions shall be noted in section 4(c).

**Contractors who pay no fringe benefits:** A contractor who pays no fringe benefits shall pay to the employee, and insert in the straight time hourly rate column of the payroll, an amount not less than the predetermined rate for each classification plus the amount of fringe benefits determined for each classification in the applicable wage decision. Inasmuch as it is not necessary to pay time and a half on cash paid in lieu of fringes, the overtime rate shall be not less than the sum of the basic predetermined rate, plus the half time premium on basic or regular rate, plus the required cash in lieu of fringes at the straight time rate. In addition, the contractor shall check paragraph 4(b) of the statement on the reverse of the payroll to indicate that he is paying fringe benefits in cash directly to his employees. Any exceptions shall be noted in Section 4(c).

**Use of Section 4(c), Exceptions**

Any contractor who is making payment to approved plans, funds, or programs in amounts less than the wage determination requires is obliged to pay the deficiency directly to the employees as cash in lieu of fringes. Any exceptions to Section 4(a) or 4(b), whichever the contractor may check, shall be entered in section 4(c). Enter in the Exception column the craft, and enter in the Explanation column the hourly amount paid the employee as cash in lieu of fringes and the hourly amount paid to plans, funds, or programs as fringes. The contractor shall pay, and shall show that he is paying to each such employee for all hours (unless otherwise provided by applicable determination) worked on Federal or Federally assisted project an amount not less than the predetermined rate plus cash in lieu of fringes as shown in Section 4(c). The rate paid and amount of cash paid in lieu of fringe benefits per hour should be entered in column 6 on the payroll. See paragraph on "Contractors who pay no fringe benefits" for computation of overtime rate.

**Column 7 - Gross Amount Earned:** Enter gross amount earned on this project. If part of the employees' weekly wage was earned on projects other than the project described on this payroll, enter in column 7 first the amount earned on the Federal or Federally assisted project and then the gross amount earned during the week on all projects, thus \$63.00/\$120.00.

**Column 8 - Deductions:** Five columns are provided for showing deductions made. If more

than five deduction should be involved, use first 4 columns; show the balance deductions under "Other" column; show actual total under "Total Deductions" column: and in the attachment to the payroll describe the deduction contained in the "Other" column. All deductions must be in accordance with the provisions of the Copeland Act Regulations, 29 CFR, Part 3. If the employee worked on other jobs in addition to this project, show actual deductions from his weekly gross wage, but indicate that deductions are based on his gross wages.

**Column 9 - Net Wages Paid for Week:** Self-explanatory

**Totals** - Space has been left at the bottom of the columns so that totals may be shown if the contractor so desires.

**Statement Required by Regulations, Parts 3 and 5:** While this form need not be notarized, the statement on the back of the payroll is subject to the penalties provided by 18 USV 1001, namely, possible imprisonment of 5 years or \$10,000.00 fine or both. Accordingly, the party signing this statement should have knowledge of the facts represented as true.

Space has been provided between item (1) and (2) of the statement for describing any deductions made. If all deductions made are adequately described in the "Deductions" column above, state "See Deductions column in this payroll." See paragraph entitled "FRINGE BENEFITS" above for instructions concerning filling out paragraph 4 of the statement.

**INSTRUCTIONS FOR PREPARATION OF  
STATEMENT OF COMPLIANCE**

---

This statement of compliance meets needs resulting from the amendment of the Davis-Bacon Act to include fringe benefits provisions. Under this amended law, the contractor is required to pay fringe benefits as predetermined by the Department of Labor, in addition to payment of the minimum rates. The contractor's obligation to pay fringe benefits may be met by payment of the fringes to the various plans, funds, or programs by making these payments to the employees as cash in lieu of fringes.

The contractor should show on the face of his payroll all monies paid to the employees whether as basic rates or as cash in lieu of fringes. The contractor shall represent in the statement of compliance that he is paying to others fringes required by the contract and not paid as cash in lieu of fringes. Detailed instructions follow:

**Contractors who pay all required fringe benefits:**

A contractor who pays fringe benefits to approved plans, funds, or programs in amounts not less than predetermined in the applicable wage decision of the Secretary of Labor shall continue to show on the face of this payroll the basic cash hourly rate and overtime rate paid to his employees, just as he has always done. Such a contractor shall check paragraph 4(a) of the statement to indicate that he is also paying to approved plans, funds, or programs not less than the amount predetermined as fringe benefits for each craft. Any exception shall be noted in Section 4(c).

**Contractors who pay no fringe benefits:**

A contractor who pays no fringe benefits shall pay to the employee and insert in the straight time hourly rate column of his payroll an amount not less than the predetermined rate for each classification plus the amount of fringe benefits determined for each classification in the applicable wage decision. Inasmuch as it is not necessary to pay time and a half on cash paid in lieu of fringes, the overtime rate shall be not less than the sum of the basic predetermined rate, plus the half time premium of the basic or regular rate plus the required cash in lieu of fringes at the straight time rate. To simplify computation of overtime, it is suggested that the straight time basic rate and cash in lieu of fringes be separately stated in the hourly rate column, thus \$3.25/.40. In addition, the contractor shall check paragraph 4(b) of the statement to indicate that he is paying fringe benefits in cash directly to his employees. Any exception shall be noted in Section 4(c).

**Use of Section 4(c), Exceptions**

Any contractor who is making payment to approved plans, funds, or programs in amounts less than the wage determination requires is obligated to pay the deficiency directly to the employees as cash in lieu of fringes. Any exception to Section 4(a) or 4(b), whichever the contractor may check, shall be entered in Section 4(c). Enter in the Exception column the craft and enter in the Explanation column the hourly amount paid the employees as cash in lieu of fringes, and the hourly amount paid to plans, funds, or programs as fringes.

## PERMISSIBLE PAYROLL DEDUCTIONS

THE FOLLOWING PAYROLL DEDUCTIONS MAY BE MADE WITHOUT REQUESTING APPROVAL:

- (a) Any deductions made in compliance with the requirements of Federal, State or local law, such as Federal or State withholding income taxes and Federal social security taxes.
- (b) Any deduction of sums previously paid to the employees as a bona fide prepayment of wages when such prepayment is made without discount or interest. A "bona fide prepayment of wages" is considered to have been made only when cash or its equivalent has been advanced to the person employed in such manner as to give the person complete freedom of disposition of the advanced funds.
- (c) Any deduction of amounts required by court process to be paid to another, unless the deduction is in favor of the contractor, subcontractor, or any affiliated person, or when collusion or collaboration exists.
- (d) Any deduction constituting a contribution on behalf of the person employed to funds established by the employer or representatives of employees, or both, for the purpose of providing either from principal or income, or both, medical or hospital care, pensions or annuities on retirement, death benefits, compensation for injuries, illness, accidents, sickness, or disability, or for vacation pay, savings accounts, or similar payments for the benefit of employees, their families and dependents; Provided, however, that the following standards are met:
  - 1. The deduction is not otherwise prohibited by law,
  - 2. It is either (i) voluntarily consented to by the employee in writing and in advance of the period in which the work is to be done and such consent is not a condition either for the obtaining of or for the continuation of employment, or (ii) provided for in a bona fide collective bargaining agreement between the contractor or subcontractor and representatives of its employees.
  - 3. No profit or other benefit is otherwise obtained, directly or indirectly, by the contractor or subcontractor, dividend, or otherwise; and
  - 4. The deduction shall serve the convenience and interest of the employee.
- (e) Any deduction contributing toward the purchase of United States Savings Bonds when voluntarily authorized by the employee.
- (f) Any deduction requested by the employee to enable him/her to repay loans or to purchase shares in credit unions organized and operated in accordance with Federal and State credit union statutes.
- (g) Any deduction voluntarily authorized by the employee for the making of contributions to governmental or quasi-governmental agencies, such as the American Red Cross.
- (h) Any deductions voluntarily authorized by the employee for the making of contributions to Community Chests, United Givers Funds, and similar charitable organizations.
- (i) Any deductions to pay regular union initiation fees and membership dues, not including fines and special assessments. Provided, however, that a collective bargaining agreement between the contractor or subcontractor and representatives of its employees provided for such deductions and are not otherwise prohibited by law.
- (j) Any deduction not more than for the "reasonable cost" of board, lodging, or other facilities meeting the requirements of Section 3(m) of the Fair Labor Standards Act of 1938, as amended, and Part 531 of Title 29, Code of Federal Regulations. When such a deduction is made the additional records required under Section 516.25(a) of Title 29, Code of Federal Regulations, shall be kept.

**MEMORANDUM**

**TO: Contractors Working on Federally Funded Projects Who do not Pay Fringe Benefits in Cash**

**FROM: Labor Relations Division, Housing and Urban Development**

**SUBJECT: Procedure for Determining Adequacy of Fringe Benefit Programs/Plans**

Fringe benefit plans, funds or programs established to provide coverage for employees working of Federally funded projects must be approved in accordance with Federal regulations.

Adequacy of fringe benefits will be determined by the U.S. Department of Housing and Urban Development based upon a review of the following information which you are requested to submit:

1. Description of the coverage that you provided those employees working at project site.
2. Signed authorization of those employees to accept those specific employer-paid contribution amounts considered bona fide fringe benefits; **AND/OR**
3. The provider's proof of payment into the plan, fund or program (e.g. monthly billing statement).

If the fringe benefits are paid into a union plan, submission of a copy of the signed collective bargaining agreement can substitute for the above requirements.

The above requested information should be submitted to:

## Section 3 Components of Construction Contracting City of Kennewick

### Pre-Bid Conference

City explains Section 3 in bid document and answers individual questions.

### Bids Received

Bids include Section 3 form completed by contractor.

### Apparent Low Bidder Identified

Contractor and subcontractors meets with City to discuss hiring needs and organizations that may assist in identifying Section 3 residents.

### Contract Signed

Contract includes a signed Hiring/Section 3 Utilization Plan and Section 3 Clause (clause may be in contract or by reference to bid specifications document).

### Pre-Construction Conference

City explains reporting forms. Reviews Section 3 goals and requirements.

Contractor and subcontractors provide a list of current employees, and their titles, expected to work on this contract.

### Work Start

City collects reports from prime contractor (who, what, where, when, how long).

City checks reports for reasonableness, compiles information on all Section 3 construction hires, and totals project hires periodically.

City CDBG unit compiles information on Section 3 contractor contract dollar amounts and total contract dollars.

City CDBG unit includes information in annual report for HUD and other organizations.

## **Solicitation Provisions and Contract Clauses for Section 3 Implementation**

### **Solicitation Provisions**

- S1. Section 3 Goals and Results.** This is a brief overview to potential bidders of basic Section 3 requirements.
- S2. Section 3 Business Concern Representation.** This form is to be submitted by the contractor as part of the bid. On this form the bidder identifies whether or not it is a Section 3 business concern, information on subcontractors (if any), and if new hires are anticipated to carry out the work included in this contract.
- S3. Contractor Section 3 Opportunities Plan.** A Section 3 Plan is developed after the apparent successful bidder has been identified. The apparent successful bidder prepares a plan for complying with Section 3 with assistance from the City. S3 outlines what will be required in the plan and includes a blank plan form.
- S4. How will Section 3 impact awarding the contract?** S4 states how the contractor will be chosen. Section 3 requirements are only one of a number of federal, state, and local requirements that will be considered. Except in the unusual case of a tied bid, there will be no preference exercised which is based on Section 3.

### **Contract Sections pertaining to Section 3**

- C1. Section 3 Clause.** This set of clauses is provided to inform bidders of final contract language. This clause is required by section 135.38 of the regulations to be inserted in the final contract.
- C2. Contractor Section 3 Opportunities Plan and Reporting.** This clause is provided to inform bidders of final contract language that will incorporate the Contractor Section 3 Opportunities Plan in the contract. It outlines contractor's reporting responsibilities.

## S1. Section 3 Goals and Results

(a) Goals of Section 3 (12 U.S.C. 1701u) of the Housing and Urban Development Act of 1968, as amended. Section 3 requires that employment and other economic opportunities generated by certain HUD financial assistance for construction, to the greatest extent feasible, be directed to: (1) low-income persons, particularly those who are recipients of government assistance for housing; and (2) business concerns which provide economic opportunities to low-income persons. This project, (*insert name of project being bid here*), is covered by Section 3 requirements. Requirements, which will be included in all contracts, are summarized below. Further information is available in HUD interim regulations at 24 CFR Part 135, published at 59 Fed. regulation 33866 (June 30, 1994).

(b) Definitions. For the purposes of this construction project:

(1) "Section 3 resident" means:

(i) Public housing resident; or

(ii) An individual who resides in the Tri-Cities MSA, in which the proposed contract will be performed and who is defined by HUD as *low-income* (80% of the area median income or less, based on household size.)

Number in Household	Annual Household Income less than:
1	\$ 36,300
2	\$ 41,500
3	\$ 46,650
4	\$ 51,850
5	\$ 56,000
6	\$ 60,150
7	\$ 64,300
8	\$ 68,450

*Rev 4/15/09*

(2) "Business concern" means a business entity formed in accordance with State law, and which is licensed under State, county, or municipal law to engage in the type of business activity for which it was formed.

(3) "Section 3 business concern" means a business concern:

- (i) That is 51 percent or more owned by Section 3 residents; or
- (ii) Whose permanent, full-time employees include persons, at least 30 percent of whom are currently Section 3 residents, or within three years of the date of their first employment with the business were Section 3 residents; or
- (iii) That provides evidence of a commitment to subcontract in excess of 25 percent of the dollar award of all subcontracts to be awarded by the business under the proposed contract to Section 3 businesses as defined in (i) and (ii) above;

(c) **Results-Oriented Approach: Numerical Goals.** All contractors, whether they are currently a Section 3 business concern or not, upon pre-award of the contract, must agree to develop a Section 3 hiring opportunities and subcontracting plan (hereafter called the Section 3 plan). A Section 3 plan is a plan formulated between the City and the business concern that includes at least 30% of new hires from Section 3 residents. The City will provide to the apparent low bidding contractor, income verification forms for self-certification by job candidates or new hires to verify Section 3 resident status.

The Section 3 plan must be satisfactory to the City; otherwise the contractor shall not be considered responsible with respect to Section 3 requirements.

(1) Contractors are advised of the following numerical goals that have been set by HUD for contractors and subcontractors on Section 3 covered projects:

(i) Employment of Section 3 Residents

30% of the aggregate number of contractor's new hires for Section 3 covered projects bid during the one-year period beginning January 1, 2004.

**S2. Section 3 Business Concern Representation**

(This form must be completed by the bidder and submitted with the bid)

(a) The contractor represents and certifies as part of its bid/offer that it:

- (i) is a Section 3 business concern [*Bidder check applicable box*]:
  - (A) That is 51 percent or more owned by Section 3 residents; or
  - (B) Whose permanent, full-time employees include persons, at least 30 percent of whom are currently Section 3 residents, or within three years of the date of their first employment with the business were Section 3 residents; or
  - (C) That hereby commits to subcontract in excess of 25 percent of the dollar amount of all subcontracts to be awarded by the business under the proposed contract to Section 3 businesses as defined above in "Section 3 Goals and Results" and identified below

<u>Proposed subcontractor (name and address)</u>	<u>Amount of subcontract</u>
_____	\$ _____
_____	\$ _____
_____	\$ _____
_____	\$ _____

*(Continue on separate sheet as needed)*

(Section 3 businesses will be required to identify the need for any additional new hire(s) as a result of this contract and prepare or participate in the preparation of a Section 3 Plan.)

- (ii) is not a Section 3 business but will complete a Section 3 plan, which is acceptable to the awarding entity (City of Kennebec). The business shall commit to following the Section 3 hiring plan. The Section 3 hiring plan will detail how a minimum of 30% of any new hire(s) as a result of work under this contract shall be Section 3 residents. List below the estimated number of new hires by prime and named subcontractors:

<u>Contractor(s) - prime and subcontractor(s)</u>	<u>Est.# of New Hires</u>
_____	_____
_____	_____
_____	_____
_____	_____

*(Continue on separate sheet as needed)*

(b) If a Section 3 business, the bidder also represents and certifies as part of its bid/offer that it is a (check the appropriate box):

- Category 1 Business:** A Section 3 business concern that provides economic opportunities for Section 3 residents in the service area or neighborhood in which the Section 3 covered project is located.

Describe below the economic opportunities for Section 3 residents in the service area or neighborhood in which the Section 3 covered project is located.

- Category 2 Business:** An entity selected to carry out a HUD Youth-build program in the Tri-Cities MSA, in which the Section 3-covered funding is expended. Describe details of the HUD Youth-build Agreement with the local Youth-build agency.

- Other Section 3 business concern** as indicated in (a)(i)(A), (B) and (C) above.

### **S3. Contractor Section 3 Opportunities Plan**

The apparent successful bidder, upon request by the awarding agency, shall develop and submit within 2 weeks after notification of status as apparent successful bidder, a Section 3 hiring opportunities and subcontracting plan (hereafter called the Section 3 plan). A Section 3 Plan is a written plan formulated between the bidder and the City. Section 3 residents may be identified through recognized or licensed apprenticeship programs, training programs of such institutions as Columbia Basin College or WorkSource, unions and unemployed individuals registered with a public or private employment agency. The Plan Form is the one page Section 3 Employment Opportunities Plan: Status Report, which is used to first, outline hiring goals, and then, second, make monthly reports on progress.

The City will provide assistance in developing the Section 3 plan. This Section 3 plan shall address training and employment opportunities for Section 3 residents within the bidder's work force. If subcontractors are being used, the Section 3 Plan will address their training and workforce hiring opportunities within their workforces.

The City will provide a self-certification form that new hires will be asked to complete to verify their income and other demographic information. Without a signed self-certification form, indicating low-income status, a newly hired employee cannot be considered a Section 3 resident.

If the prime utilizes subcontractors that meet the definition of Section 3 business concern, the plan will include a listing of those businesses and the dollar amounts of the subcontracts.

The City must approve the plan. The approved plan shall become a part of all construction contracts. Failure to submit a plan or to demonstrate compliance through a submitted plan with the "greatest extent feasible" requirement of 24 CFR Part 135 shall result in the bidder being determined non-responsible with respect to Section 3 requirements and ineligible for award of the contract.

The submitted plan shall include the following:

- (1) Training and employment opportunities:
  - (a) Goals for the proposed contract for the training and employment of Section 3 residents. The plan must show, at a minimum, 30% of new hires as Section 3 residents.
  - (b) A list of the job titles and number of positions for each title identified.
  - (c) A description of the method used to develop the goals in (a) above and the efforts to be undertaken by the contractor/subcontractors to meet the goal.
  - (d) A certification that any vacant employment positions, including training positions, that are filled (1) after the bidder is selected but before the contract is executed, and (2) with other than Section 3 residents, were not and will not be filled to circumvent the contractor's obligations under 24 CFR Part 135. (This certification will be a part

of all contracts signed by the developer, contractor and subcontractors).

(2) A list of Section 3 Subcontractors (applies to all bidders that use one or more Section 3 subcontractors). This is part of the bid submittal or collected shortly after identification of the prime contractor and subcontractors.

(i) A statement of the total dollars to be subcontracted to Section 3 business concerns for building trades work (included on 1-page plan form).

(3) If applicable, identification of each Section 3 covered contract or subcontract awarded to the bidder since August 1, 1994, the goals established under each such contractor subcontract, and the present status of the bidder's efforts to implement the goals.

#### **S4. How Will Section 3 Impact Awarding the Contract?**

- (a) According to HUD procurement regulations, contract award will be made to the responsible firm whose responsive bid proposal is most advantageous to the awarding agency, with price and other factors considered. A responsible firm means a business concern that possesses the ability to perform successfully under the terms and conditions of the construction contract, including the condition to meet Section 3 requirements. Consideration will be given to such matters, for example, as contractor integrity, past and intended compliance with public policies (including Section 3 requirements), record of past performance, financial and technical resources, etc.
- (b) If other factors, including price, are equal:
  - (i) Section 3 business concerns will be given preference over other bidders, and
  - (ii) Section 3 business concerns with higher category rankings, 1 being highest, will be given preference over section 3 business concerns with lower category rankings.

## **C1 and C2. Contract Sections pertaining to Section 3**

**The following will be included in all Contracts between the agency and all construction contractors (prime and subcontractors):**

### **C1. Section 3 Clause.**

- (a) The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.
- (b) The parties to this contract agree to comply with HUD's regulations in 24 CFR part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.
- (c) The contractor agrees to send a notice to each labor organization or representative of workers with whom the contractor has a collective bargaining agreement or other understanding. This notice informs the labor organization or workers' representative of the contractor's commitments under the Section 3 clause. Copies of the notice shall be posted in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice describes the Section 3 preference, sets the minimum number and the job titles being hired, availability of apprenticeship and training positions, qualifications for each position, the name and location of the person(s) taking applications for each of the positions and the date when work will begin.
- (d) The contractor shall include this Section 3 clause in every subcontract subject to compliance with regulations in 24 CFR part 135. The contractor shall take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR part 135.
- (e) The contractor, after having been selected but before a contract was executed, certifies that any vacant employment or training positions filled with person other than those directed by the regulations of 24 CFR part 135, were not filled in order to circumvent the contractor's obligations under 24 CFR part 135.
- (f) Noncompliance with HUD's regulations in 24 CFR part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

(g) With respect to work performed in connection with Section 3 covered Indian housing assistance, section 7(b) of the Indian Self-determination and Education Assistance Act (25 U.S.C. 450e) also applies to the work to be performed under this contract. Section 7(b) requires to the greatest extent feasible:

(i) Preference and opportunities for training and employment shall be given to Indians, and

(ii) Preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

## **C2. Contractor Section 3 Opportunities Plan and Reporting.**

(a) A specific Section 3 Plan has been established for this contract. The plan is included as an attachment to this contract.

(b) The contractor, with the assistance of the City, shall provide regular status reports throughout the contract period as negotiated and agreed upon during the Section 3 planning process. The status reports shall be submitted no later than 10 days after the end of each negotiated period. The status report shall be in at least the same level of detail as the approved plan. For any goal not met, the report shall identify the impediments encountered and the contractor's actual and future actions to overcome such impediments. The report shall also identify any other economic opportunities that the contractor has taken or intends to take.

(c) The failure of the contractor to comply in good faith with the approved plan shall be a material breach of the contract.

1. Describe briefly the method(s) you and your subcontractors used to develop your goals. What have you considered in setting your goals? Please be as specific as possible about what you will do and when you expect to meet each goal.

2. Describe what efforts you and your subcontractors will use to meet the goals you have established. Please be as specific as possible about what you will do and when you will take each action.

3. Explain any changes from previously filed reports, e.g. a position which had been targeted for Section 3 was not filled with a Section 3 resident; a new position was not filled, etc.

**PREVAILING WAGE SCHEDULE FOR ARTICLE 8 PUBLIC WORK PROJECT**

Attached is the current schedule(s) of the prevailing wage rates and prevailing hourly supplements for the project referenced above. A unique Prevailing Wage Case Number (PRC#) has been assigned to the schedule(s) for your project.

The schedule is effective from July 2015 through June 2016. All updates, corrections, posted on the 1st business day of each month, and future copies of the annual determination are available on the Department's website [www.labor.state.ny.us](http://www.labor.state.ny.us). Updated PDF copies of your schedule can be accessed by entering your assigned PRC# at the proper location on the website.

It is the responsibility of the contracting agency or its agent to annex and make part, the attached schedule, to the specifications for this project, when it is advertised for bids and /or to forward said schedules to the successful bidder(s), immediately upon receipt, in order to insure the proper payment of wages.

Please refer to the "General Provisions of Laws Covering Workers on Public Work Contracts" provided with this schedule, for the specific details relating to other responsibilities of the Department of Jurisdiction.

Upon completion or cancellation of this project, enter the required information and mail **OR** fax this form to the office shown at the bottom of this notice, **OR** fill out the electronic version via the NYSDOL website.

## **General Provisions of Laws Covering Workers on Article 8 Public Work Contracts**

### **Introduction**

The Labor Law requires public work contractors and subcontractors to pay laborers, workers, or mechanics employed in the performance of a public work contract not less than the prevailing rate of wage and supplements (fringe benefits) in the locality where the work is performed.

### **Responsibilities of the Department of Jurisdiction**

A Department of Jurisdiction (Contracting Agency) includes a state department, agency, board or commission; a county, city, town or village; a school district, board of education or board of cooperative educational services; a sewer, water, fire, improvement and other district corporation; a public benefit corporation; and a public authority awarding a public work contract.

The Department of Jurisdiction (Contracting Agency) awarding a public work contract MUST obtain a Prevailing Rate Schedule listing the hourly rates of wages and supplements due the workers to be employed on a public work project. This schedule may be obtained by completing and forwarding a "Request for wage and Supplement Information" form (PW 39) to the Bureau of Public Work. The Prevailing Rate Schedule MUST be included in the specifications for the contract to be awarded and is deemed part of the public work contract.

Upon the awarding of the contract, the law requires that the Department of Jurisdiction (Contracting Agency) furnish the following information to the Bureau: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Department's "Notice of Contract Award" form (PW 16) is provided with the original Prevailing Rate Schedule.

The Department of Jurisdiction (Contracting Agency) is required to notify the Bureau of the completion or cancellation of any public work project. The Department's PW 200 form is provided for that purpose.

Both the PW 16 and PW 200 forms are available for completion online.

### **Hours**

No laborer, worker, or mechanic in the employ of a contractor or subcontractor engaged in the performance of any public work project shall be permitted to work more than eight hours in any day or more than five days in any week, except in cases of extraordinary emergency. The contractor and the Department of Jurisdiction (Contracting Agency) may apply to the Bureau of Public Work for a dispensation permitting workers to work additional hours or days per week on a particular public work project.

There are very few exceptions to this rule. Complete information regarding these exceptions is available on the "4 Day / 10 Hour Work Schedule" form (PW 30R).

### **Wages and Supplements**

The wages and supplements to be paid and/or provided to laborers, workers, and mechanics employed on a public work project shall be not less than those listed in the current Prevailing Rate Schedule for the locality where the work is performed. If a prime contractor on a public work project has not been provided with a Prevailing Rate Schedule, the contractor must notify the Department of Jurisdiction (Contracting Agency) who in turn must request an original Prevailing Rate Schedule form the Bureau of Public Work. Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12240; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website [www.labor.state.ny.us](http://www.labor.state.ny.us).

Upon receiving the original schedule, the Department of Jurisdiction (Contracting Agency) is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received. If the original schedule expired, the contractor may obtain a copy of the new annual determination from the NYSDOL website [www.labor.state.ny.us](http://www.labor.state.ny.us).

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year. The annual determination is available on the NYSDOL website [www.labor.state.ny.us](http://www.labor.state.ny.us).

### **Payrolls and Payroll Records**

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the project's date of completion. At a minimum, payrolls must show the following information for each person employed on a public work project: Name, Address, Last 4 Digits of Social Security Number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid or provided, and Daily and weekly number of hours worked in each classification.

Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury. The Department of Jurisdiction (Contracting Agency) shall collect, review for facial validity, and maintain such payrolls.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, but are not limited to time cards, work description sheets, proof that supplements were provided, cancelled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed \$100,000.00. If the contractor or subcontractor does not maintain a place of business in New York State and the amount of the contract exceeds \$25,000.00, payroll records and certifications must be kept on the project worksite.

The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 8, Section 220-a of the Labor Law.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules, shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Laws, Article 8, Section 220-a).

### **Determination of Prevailing Wage and Supplement Rate Updates Applicable to All Counties**

The wages and supplements contained in the annual determination become effective July 1st whether or not the new determination has been received by a given contractor. Care should be taken to review the rates for obvious errors. Any corrections should be brought to the Department's attention immediately. It is the responsibility of the public work contractor to use the proper rates. If there is a question on the proper classification to be used, please call the district office located nearest the project. Any errors in the annual determination will be corrected and posted to the NYSDOL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. To the extent possible, the Department posts rates in its possession that cover periods of time beyond the July 1st to June 30th time frame covered by a particular annual determination. Rates that extend beyond that instant time period are informational ONLY and may be updated in future annual determinations that actually cover the then appropriate July 1st to June 30th time period.

### **Withholding of Payments**

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work project failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 220-b and 235.2 of the Labor Law to so notify the financial officer of the Department of Jurisdiction (Contracting Agency) that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Department of Jurisdiction (Contracting Agency) shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

### **Summary of Notice Posting Requirements**

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work project. The prevailing wage schedule must be encased in, or constructed of, materials capable of withstanding adverse weather conditions and be titled "PREVAILING RATE OF WAGES" in letters no smaller than two (2) inches by two (2) inches.

The "Public Work Project" notice must be posted at the beginning of the performance of every public work contract, on each job site.

Every employer providing workers. compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers. Compensation Board in a conspicuous place on the jobsite.

Every employer subject to the NYS Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers, notices furnished by the State Division of Human Rights.

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the NYS Department of Labor.

## **Apprentices**

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeyworkers in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above or is performing work outside the classification of work for which the apprentice is indentured, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYS DOL Labor Law, Article 8, Section 220-3, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency of office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12240 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested.

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

## **Interest and Penalties**

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

## **Debarment**

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

## **Criminal Sanctions**

Willful violations of the Prevailing Wage Law (Article 8 of the Labor Law) may be a felony punishable by fine or imprisonment of up to 15 years, or both.

## **Discrimination**

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 8, Section 220-e(a)).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 8, Section 220-e(b)).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 8, Section 220-e(c) ).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 8, Section 220-e(d) ).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

### **Workers' Compensation**

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

### **Unemployment Insurance**

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

# Construction Industry Fair Play Act

## Required Posting For Labor Law Article 25-B § 861-d

Construction industry employers must post the "Construction Industry Fair Play Act" notice in a prominent and accessible place on the job site.

Failure to post the notice can result in penalties of up to \$1,500 for a first offense and up to \$5,000 for a second offense.

The posting is included as part of this wage schedule. Additional copies may be obtained from the NYS DOL website, [www.labor.ny.gov](http://www.labor.ny.gov).

If you have any questions concerning the Fair Play Act, please call the State Labor Department toll-free at 1-866-435-1499 or email us at: [dol.misclassified@labor.state.ny.us](mailto:dol.misclassified@labor.state.ny.us) .

# IMPORTANT NOTICE

FOR

## CONTRACTORS & CONTRACTING AGENCIES

### Social Security Numbers on Certified Payrolls

The Department of Labor is cognizant of the concerns of the potential for misuse or inadvertent disclosure of social security numbers. Identity theft is a growing problem and we are sympathetic to contractors' concerns with regard to inclusion of this information on payrolls if another identifier will suffice.

For these reasons, *the substitution of the use of the last four digits of the social security number on certified payrolls submitted to contracting agencies on public work projects is now acceptable to the Department of Labor.*

**NOTE:** This change does not affect the Department's ability to request and receive the entire social security number from employers during the course of its public work / prevailing wage investigations.

**To all State Departments, Agency Heads and Public Benefit Corporations  
IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

**Budget Policy & Reporting Manual**

**B-610**

**Public Work Enforcement Fund**

*effective date December 7, 2005*

---

**1. Purpose and Scope:**

This Item describes the Public Work Enforcement Fund (the Fund, PWEF) and its relevance to State agencies and public benefit corporations engaged in construction or reconstruction contracts, maintenance and repair, and announces the recently-enacted increase to the percentage of the dollar value of such contracts that must be deposited into the Fund. This item also describes the roles of the following entities with respect to the Fund:

- New York State Department of Labor (DOL),
- The Office of the State of Comptroller (OSC), and
- State agencies and public benefit corporations.

**2. Background and Statutory References:**

DOL uses the Fund to enforce the State's Labor Law as it relates to contracts for construction or reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law. State agencies and public benefit corporations participating in such contracts are required to make payments to the Fund.

Chapter 511 of the Laws of 1995 (as amended by Chapter 513 of the Laws of 1997, Chapter 655 of the Laws of 1999, Chapter 376 of the Laws of 2003 and Chapter 407 of the Laws of 2005) established the Fund.

**3. Procedures and Agency Responsibilities:**

The Fund is supported by transfers and deposits based on the value of contracts for construction and reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law, into which all State agencies and public benefit corporations enter.

Chapter 407 of the Laws of 2005 increased the amount required to be provided to this fund to .10 of one-percent of the total cost of each such contract, to be calculated at the time agencies or public benefit corporations enter into a new contract or if a contract is amended. The provisions of this bill became effective August 2, 2005.

**To all State Departments, Agency Heads and Public Benefit Corporations  
IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

OSC will report to DOL on all construction-related ("D") contracts approved during the month, including contract amendments, and then DOL will bill agencies the appropriate assessment monthly. An agency may then make a determination if any of the billed contracts are exempt and so note on the bill submitted back to DOL. For any instance where an agency is unsure if a contract is or is not exempt, they can call the Bureau of Public Work at the number noted below for a determination. Payment by check or journal voucher is due to DOL within thirty days from the date of the billing. DOL will verify the amounts and forward them to OSC for processing.

For those contracts which are not approved or administered by the Comptroller, monthly reports and payments for deposit into the Public Work Enforcement Fund must be provided to the Administrative Finance Bureau at the DOL within 30 days of the end of each month or on a payment schedule mutually agreed upon with DOL.

Reports should contain the following information:

- Name and billing address of State agency or public benefit corporation;
- State agency or public benefit corporation contact and phone number;
- Name and address of contractor receiving the award;
- Contract number and effective dates;
- Contract amount and PWEF assessment charge (if contract amount has been amended, reflect increase or decrease to original contract and the adjustment in the PWEF charge); and
- Brief description of the work to be performed under each contract.

Checks and Journal Vouchers, payable to the "New York State Department of Labor" should be sent to:

Department of Labor  
Administrative Finance Bureau-PWEF Unit  
Building 12, Room 464  
State Office Campus  
Albany, NY 12240

Any questions regarding billing should be directed to NYSDOL's Administrative Finance Bureau-PWEF Unit at (518) 457-3624 and any questions regarding Public Work Contracts should be directed to the Bureau of Public Work at (518) 457-5589.

# WORKER NOTIFICATION

(Labor Law §220, paragraph a of subdivision 3-a)

*Effective February 24, 2008*

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, paragraph a of subdivision 3-a. It requires contractors and subcontractors to provide written notice to all laborers, workers or mechanics of the *prevailing wage rate* for their particular job classification *on each pay stub*\*. It also requires contractors and subcontractors to *post a notice* at the beginning of the performance of every public work contract *on each job site* that includes the telephone number and address for the Department of Labor and a statement informing laborers, workers or mechanics of their right to contact the Department of Labor if he/she is not receiving the proper prevailing rate of wages and/or supplements for his/her particular job classification. The required notification will be provided with each wage schedule, may be downloaded from our website [www.labor.state.ny.us](http://www.labor.state.ny.us) or made available upon request by contacting the Bureau of Public Work at 518-457-5589.

\* In the event that the required information will not fit on the pay stub, an accompanying sheet or attachment of the information will suffice.

# **OSHA 10-hour Construction Safety and Health Course – S1537-A**

*Effective July 18, 2008*

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, section 220-h. It requires that on all public work projects of at least \$250,000.00, all laborers, workers and mechanics working on the site, be certified as having successfully completed the OSHA 10-hour construction safety and health course. It further requires that the advertised bids and contracts for every public work contract of at least \$250,000.00, contain a provision of this requirement.

***NOTE: The OSHA 10 Legislation only applies to workers on a public work project that are required, under Article 8, to receive the prevailing wage.***

## Requirements for OSHA 10 Compliance

Chapter 282 of the Laws of 2007, codified as Labor Law 220-h took effect on July 18, 2008. The statute provides as follows:

The advertised specifications for every contract for public work of \$250,000.00 or more must contain a provision requiring that every worker employed in the performance of a public work contract shall be certified as having completed an OSHA 10 safety training course. The clear intent of this provision is to require that all employees of public work contractors, required to be paid prevailing rates, receive such training "prior to the performing any work on the project."

The Bureau will enforce the statute as follows:

All contractors and sub contractors must attach a copy of proof of completion of the OSHA 10 course to the first certified payroll submitted to the contracting agency and on each succeeding payroll where any new or additional employee is first listed.

Proof of completion may include but is not limited to:

- Copies of bona fide course completion card (*Note: Completion cards do not have an expiration date.*)
- Training roster, attendance record of other documentation from the certified trainer pending the issuance of the card.
- Other valid proof

\*\*A certification by the employer attesting that all employees have completed such a course is not sufficient proof that the course has been completed.

Any questions regarding this statute may be directed to the New York State Department of Labor, Bureau of Public Work at 518-485-5696.

# WICKS Reform 2008

(For all contracts advertised or solicited for bid on or after 7/1/08)

- Raises the threshold for public work projects subject to the Wicks Law requiring separate specifications and bidding for the plumbing, heating and electrical work. The total project's threshold would increase from \$50,000 to: \$3 million in Bronx, Kings, New York, Queens and Richmond counties; \$1.5 million in Nassau, Suffolk and Westchester counties; and \$500,000 in all other counties.
- For projects below the monetary threshold, bidders must submit a sealed list naming each subcontractor for the plumbing, HVAC and electrical work and the amount to be paid to each. The list may not be changed unless the public owner finds a legitimate construction need, including a change in specifications or costs or use of a Project Labor Agreement (PLA), and must be open to public inspection.
- Allows the state and local agencies and authorities to waive the Wicks Law and use a PLA if it will provide the best work at the lowest possible price. If a PLA is used, all contractors shall participate in apprentice training programs in the trades of work it employs that have been approved by the Department of Labor (DOL) for not less than three years. They shall also have at least one graduate in the last three years and use affirmative efforts to retain minority apprentices. PLA's would be exempt from Wicks, but deemed to be public work subject to prevailing wage enforcement.
- The Commissioner of Labor shall have the power to enforce separate specification requirements on projects, and may issue stop-bid orders against public owners for non-compliance.
- Other new monetary thresholds, and similar sealed bidding for non-Wicks projects, would apply to certain public authorities including municipal housing authorities, NYC Construction Fund, Yonkers Educational Construction Fund, NYC Municipal Water Finance Authority, Buffalo Municipal Water Finance Authority, Westchester County Health Care Association, Nassau County Health Care Corp., Clifton-Fine Health Care Corp., Erie County Medical Center Corp., NYC Solid Waste Management Facilities, and the Dormitory Authority.
- Reduces from 15 to 7 days the period in which contractors must pay subcontractors.

## Introduction to the Prevailing Rate Schedule

### Information About Prevailing Rate Schedule

This information is provided to assist you in the interpretation of particular requirements for each classification of worker contained in the attached Schedule of Prevailing Rates.

#### Classification

It is the duty of the Commissioner of Labor to make the proper classification of workers taking into account whether the work is heavy and highway, building, sewer and water, tunnel work, or residential, and to make a determination of wages and supplements to be paid or provided. It is the responsibility of the public work contractor to use the proper rate. If there is a question on the proper classification to be used, please call the district office located nearest the project. District office locations and phone numbers are listed below.

Prevailing Wage Schedules are issued separately for "General Construction Projects" and "Residential Construction Projects" on a county-by-county basis.

General Construction Rates apply to projects such as: Buildings, Heavy & Highway, and Tunnel and Water & Sewer rates.

Residential Construction Rates generally apply to construction, reconstruction, repair, alteration, or demolition of one family, two family, row housing, or rental type units intended for residential use.

Some rates listed in the Residential Construction Rate Schedule have a very limited applicability listed along with the rate. Rates for occupations or locations not shown on the residential schedule must be obtained from the General Construction Rate Schedule. Please contact the local Bureau of Public Work office before using Residential Rate Schedules, to ensure that the project meets the required criteria.

#### Paid Holidays

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

#### Overtime

At a minimum, all work performed on a public work project in excess of eight hours in any one day or more than five days in any workweek is overtime. However, the specific overtime requirements for each trade or occupation on a public work project may differ. Specific overtime requirements for each trade or occupation are contained in the prevailing rate schedules.

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays.

The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

#### Supplemental Benefits

Particular attention should be given to the supplemental benefit requirements. In most cases the payment or provision of supplements is for each hour worked (noted in the schedule as 'Per hour worked'). Some classifications require the payment or provision of supplements for each hour paid (noted in the schedule as 'Per hour paid'), which require supplements to be paid or provided at a premium rate for premium hours worked. Some classifications may also require the payment or provision of supplements for paid holidays on which no work is performed.

#### Effective Dates

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. The rate listed is valid until the next effective rate change or until the new annual determination which takes effect on July 1 of each year. All contractors and subcontractors are required to pay the current prevailing rates of wages and supplements. If you have any questions please contact the Bureau of Public Work or visit the New York State Department of Labor website ([www.labor.state.ny.us](http://www.labor.state.ny.us)) for current wage rate information.

#### Apprentice Training Ratios

The following are the allowable ratios of registered Apprentices to Journey-workers.

For example, the ratio 1:1,1:3 indicates the allowable initial ratio is one Apprentice to one Journeyworker. The Journeyworker must be in place on the project before an Apprentice is allowed. Then three additional Journeyworkers are needed before a second Apprentice is allowed. The last ratio repeats indefinitely. Therefore, three more Journeyworkers must be present before a third Apprentice can be hired, and so on.

Please call Apprentice Training Central Office at (518) 457-6820 if you have any questions.

## Holiday Codes

### PAID Holidays:

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

### OVERTIME Holiday Pay:

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays. The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Following is an explanation of the code(s) listed in the HOLIDAY section of each classification contained in the attached schedule. The Holidays as listed below are to be paid at the wage rates at which the employee is normally classified.

- (1) None

NEW YORK STATE DEPARTMENT OF LABOR  
Bureau of Public Work - Debarment List

**LIST OF EMPLOYERS INELIGIBLE TO BID ON OR BE  
AWARDED ANY PUBLIC WORK CONTRACT**

Under Article 8 and Article 9 of the NYS Labor Law, a contractor, sub-contractor and/or its successor shall be debarred and ineligible to submit a bid on or be awarded any public work or public building service contract/sub-contract with the state, any municipal corporation or public body for a period of five (5) years from the date of debarment when:

- Two (2) final determinations have been rendered within any consecutive six-year (6) period determining that such contractor, sub-contractor and/or its successor has WILLFULLY failed to pay the prevailing wage and/or supplements
- One (1) final determination involves falsification of payroll records or the kickback of wages and/or supplements

NOTE: The agency issuing the determination and providing the information, is denoted under the heading 'Fiscal Officer'. DOL = NYS Dept. of Labor; NYC = New York City Comptroller's Office; AG = NYS Attorney General's Office; DA = County District Attorney's Office.

A list of those barred from bidding, or being awarded, any public work contract or subcontract with the State, under section 141-b of the Workers' Compensation Law, may be obtained at the following link, on the NYS DOL Website:

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

-----

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

#### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1,

2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

---

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted

because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

State: New York

Construction Type: Building

County: Chautauqua County in New York.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Executive Order (EO) 13658 establishes an hourly minimum wage of \$10.10 for 2015 that applies to all contracts subject to the Davis-Bacon Act for which the solicitation is issued on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.10 (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

#### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.

DAVIS BACON WAGES  
HEAVY AND HIGHWAY

General Decision Number: NY150008 07/31/2015 NY8

Superseded General Decision Number: NY20140008

State: New York

Construction Types: Heavy and Highway

Counties: Cattaraugus, Chautauqua and Erie Counties in New York.

HEAVY CONSTRUCTION PROJECTS: CHAUTAUQUA AND ERIE COUNTIES; AND HIGHWAY CONSTRUCTION PROJECTS: CATTARAUGUS, CHAUTAUQUA AND ERIE COUNTIES

Note: Executive Order (EO) 13658 establishes an hourly minimum wage of \$10.10 for 2015 that applies to all contracts subject to the Davis-Bacon Act for which the solicitation is issued on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.10 (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

-----  
The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

### Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
 Wage and Hour Division  
 U.S. Department of Labor  
 200 Constitution Avenue, N.W.  
 Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
 U.S. Department of Labor  
 200 Constitution Avenue, N.W.  
 Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
 U.S. Department of Labor  
 200 Constitution Avenue, N.W.  
 Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
