Mayor Dolce advised Chip Riewaldt has completed updating the cable wiring in City Hall, the purchase order for additional equipment has been approved and the City will go live as soon as the equipment is received and installed.

Building/Zoning Officer Zurawski advised Councilman Rivera the County Land Bank list has been e-mailed to council, proper procedures need to be followed and the houses will be demolished as soon as possible.

Mayor Dolce stated if New York Avenue is to be repaved the city will replace the waterlines as well as repave the street.

Councilman Gonzalez asked Building/Zoning Officer Zurwaski about the house on Route 60.

Building/Zoning Officer Zurwaski advised bids are due July 16th and a resolution will be presented to the council at the next council meeting.

Councilman Gonzalez inquired on the status of the Disabled Veterans booth that is to be on the pier every Thursday for Music on the Pier as Patricia Mleczko has not heard from city officials.

Mayor Dolce advised this was a verbal resolution that passed with a 3-2 vote several meetings ago; Ms. Mleczko was aware this request was approved and it was her responsibility to contact the Music on the Pier Committee. Mayor Dolce advised the City will contact Ms. Mleczko.

Councilman-at-large Rosas advised he has spoken with Ms. Mleczko, she was told the pier was full, the City did not want any groups on the pier and stated "when we passed the resolution I understand that she should probably reach out but, because she was told no, then I would have expected that upon us passing the resolution that you would ensure someone in your development department would have reached out to her. I would think that would be the proper protocol; so that's our opinion on this issue."

Department of Public Works Director Gugino advised he has a spot available for the Veterans booth, has spoken with Recreational Program Director Gornikiewicz regarding this matter and stated Mr. Gornikiewicz will contact her tomorrow with the appropriate information.

Recreational Program Director Gornikiewicz advised he was under the impression this matter was resolved.

Mayor Dolce advised he has spoken with Mr. Gambino and stated Mr. Gambino intends on selling the old docks on the last three rows at the Marina and use that money to purchase new docks.

Department of Development Director Neratko advised there is nothing new to report since the last meeting; the City has been working with our engineering firm to determine what is in the first contract and how it matches against the second contract and is unsure on the completion date as it is dependent on the City being able to use the seawall grant as a match against the first contract.

Mayor Dolce advised the engineering firm has just completed their markup; the City will review it and forward it to the Parks Department for their review.

Councilman-at-large Rosas asked Mayor Dolce have there been any new hires in the City.

Mayor Dolce replied there have not been any new hires; however, the City will be hiring to fill current vacant positions.

Councilman-at-large Rosas inquired about potential water rate increases.

City Treasurer Woods stated council will need to address a resolution regarding this prior to the end of this calendar year.

City Attorney Szot advised council will need to pass a Local Law regarding water rate increases in September, no later than the first council meeting in October for the rate increase to take effect January 1, 2016.
